ROYAL PROCLAMATION OF THE FIRST LOST BIRD EMBASSY – KITSAP COUNTY, MAKAHTERRITORY

By the Hand and Seal of His Majesty King Daniel Jacob Read IV

Kingdom of Mythelinia – Dated this day beneath the eternal sky

---

Preamble

Let it be known to all nations, peoples, and descendants of the land:

The Kingdom of Mythelinia will open its first Lost Bird Embassy in Kitsap County within ninety (90) days of this proclamation. This embassy will stand as a living pledge of our commitment to restore the children and families of the Makah Lost Birds — those separated from their bloodlines by force, neglect, or historical injustice — and to bring them home to their heritage.

The Sanctuary Commitment

On the day we move into our first large embassy in Kitsap County, the Lost Bird Sanctuary will open its doors. This sanctuary will serve:

- Makah Lost Bird descendants
- Blood relatives of Makah Lost Bird children
- Makah orphans and youth disconnected from their ancestral heritage

Here, they will find shelter, cultural restoration, and the protection of the Kingdom of Mythelinia. This will be a place where names, languages, and traditions are returned to those who were stripped of them.

Bloodline and Recognition

Her Majesty the Queen of Mythelinia is of 50% Makah descent. This unbroken bloodline is both a sacred bond and a political bridge between our two nations. Through this embassy and sanctuary, we act upon that bond in a way that is tangible, permanent, and sovereign.

We declare our intent that this act will be the foundation for formal recognition of the Kingdom of Mythelinia by the Makah Nation, solidifying a living alliance between our peoples.

Diplomatic and Strategic Purpose

This embassy will:

- Serve as a hub for Mythelinian–Makah relations.
- Provide diplomatic protection for Lost Bird descendants under Mythelinian law.
- Host cultural revival programs for qualifying Makah citizens and Mythelinian citizens of Makah heritage.
- Maintain a liaison with the Makah Tribal Council for coordinated restoration and protection missions.

Historical Significance

This is the first Mythelinian diplomatic mission on North American soil. It will permanently root our nation's mission in the land, people, and heritage of our Queen's ancestry, making Mythelinia not only a sovereign ocean nation but also a homeland defender for Indigenous families.

The opening of this embassy is not symbolic alone — it is the living proof of our sovereignty, the will of our people, and our readiness to stand in both ocean and earth as a recognized nation.

So it is declared, so it is sealed, so it shall be remembered.

Signed electronically this day, August 11, 2025
